Serial No.: 10/667,285 : Group Art Unit: 1761  
Filing Date: September 17, 2003 : Examiner: Anthony J. Weier  
For: **Relocatable Processing Plant For Extracting Juice From Citrus Fruit And Associated Methods**

**RESPONSE TO RESTRICTION REQUIREMENT**

Mail Stop Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In the Official Action dated January 10, 2005, the Examiner required restriction under 35 U.S.C. §121 between Group I containing claims 1-21, and Group II containing claims 22-30. Claims 1-21 are drawn to relocatable plants, and claims 22-30 are directed to methods of obtaining fresh citrus juice and a method for extracting citrus fruit juice.

Applicant hereby elects the invention of Group II. This election is made with traverse on the basis that it would not be unduly burdensome for the Examiner to examine both Groups in a single application. Reconsideration of the restriction requirement is therefore respectfully requested. Deferment of the cancellation of the non-elected claims is requested pending the Examiner's reconsideration of the restriction requirement.

It is believed that the above represents a complete response to the Official Action, and examination on the merits is requested. Please charge any fee required in connection with this paper to Deposit Account No. 04-1133.

Respectfully submitted,
